This product is assembled using cam locks.
Step 1: Insert Cam Lock into the Cam Lock Hole of Panel I. Cam Lock arrow should be pointing towards the Cam Lock Dowel insertion hole.
Step 2: Insert wooden dowel into Panel II Step 3: Connect Panel I and Panel II by inserting the Cam Lock Dowell through the hole to which the Cam Lock arrow is pointing.
Step 4: Press Panel I and Panel II together Step 5: Lock Panels together by turning Cam Lock Clockwise using a screwdriver. The Cam Lock and Dowell should make a click sound, indicating they are locked together.

Step By Step Assembly Instructions:

**STEP 1**
Attach drawer side Part M to drawer front Part K using cam locks (Part 2) and Screw (part 1). Make certain that the drawer runners are facing outward of the drawer.
There are two options for the knob: option 1 (part 6)/option 2 (part 17)

Option 1

Option 2

**STEP 2**
Once both drawer sides are attached insert the floor of the drawer through the slits in the drawer sides until the drawer floor rests snugly against
**STEP 3**
Attach the back of the drawer (Part N) using 4 screws – Part 5 – you may use an electric screw for this attachment.

**STEP 4**
Attach the arms of the armoire (Part A) to the base support (Part B) using the cam lock system described above. You will need cam lock (part 9), screws (part 8) and allen wrench tool (part 10).

**STEP 5**
Attach the base board top part C to the bottom of the arms (part A) using the cam lock system. You will need cam lock (Part 9), Screw (part 8), and allen wrench tool (Part 10).
**STEP 6**
Assembly the base of the armoire by attaching base sides (part E and F) to support bar (Part G) using wooden dowels (part 4). Make certain that the drawer runners of Part E and F are facing inward in order to catch the drawer you created in Step 1.

![Diagram of base sides and support bar](image1)

**STEP 7**
Attach the base board bottom Part D to the bottom of the base board sides (parts E and F) using 4 wooden dowels (part 3) and 4 screws (part 5).

![Diagram of base board bottom](image2)

**STEP 8**
Attach the base board top (Part C) to the base board sides (Parts E and F) using 4 wooden dowels (Part 3).

![Diagram of base board top](image3)

**STEP 9**
Secure the base board by screwing 5 screws (part 5) through the predrilled holes on the base sides (Part E and F).

![Diagram of secure base board](image4)
STEP 10
Attach the back of the base board (Part H) to the base board using 10 screws (Part 11).

STEP 11
Insert the base drawer to the base by aligning the runners and pushing the drawer inward towards the back of the base.

STEP 12
It's your choice! Attach the carved decorative top (Part I) for a traditional style using 2 screws (part 5). Or leave the Cheval armoire as it is, add plugs to fit in the hole on the top of the item.
STEP 13
Have your assembly partner hold the armoire (Part J) in place while you secure the armoire to the arms (Part A x 2), using decorative screw (part 13) through the decorative washer (Part 12 & Part 14). Repeat on the second side with your partner continuing to hold the body of the armoire in place.

FINISH

STEP 14
Don’t forget the key and enjoy filling your armoire with your favorite jewelry.
