

DREAM MAKER SPAS

FREQUENTLY ASKED QUESTIONS

1. Q: **Does the spa include a cover?**
A: Yes. Every Dream Maker Spa includes a cover and everything you need to start enjoying your spa immediately.
2. Q: **Does the spa include a filter?**
A: Yes. The spa comes with 1 filter.
3. Q: **What type of electricity do you need?**
A: All you need is 110 volt 15 amp electricity – the same as your standard wall outlet. All you need to do is plug in the GFCI protected plug and enjoy!
4. Q: **Are Dream Maker Spas good for all weather conditions?**
A: 100%. Dream Maker Spas are made from a High Density Polyethylene that can withstand any weather condition. Because the material is consistent throughout, a Dream Maker spa will not rot, rust, corrode, or fade. The insulation used in a Dream Maker Spa also allows the hot tub to be used in even the harshest of winter conditions. Relax. A Dream Maker Spa can be used anywhere.
5. Q: **Are the steps included with the spa purchase?**
A: No. The steps can be added separately to your purchase. They will be shipped along with your spa. You can also add other aftermarket accessories through Hayneedle.
