We would like to thank you for purchasing one of our cribs. Because of customers like you, we are able to make a positive impact on our environment, shaping and building a better future for all of our children.

Although caring for the environment is a priority for us at Baby Appleseed, you should know that our first and foremost concern is building a safe and sound product for you and your baby. Featuring solid wood construction and no moving parts, our cribs are designed to withstand the test of time; this provides for a safe and sturdy product that will grow with your baby.

Again, thank you for your support and welcome to our family.

Sincerely,
Baby Appleseed
Be sure to assemble the furniture in a dirt free environment to avoid scratching or damaging the wood.

**Box Contents**

- Headboard
- Right Panel
- Left Panel
- Footboard
- Mattress Support (Style may vary)
- Cross Bar x 2
- Toddler Conversion Rail

**Drawer Parts**

- Drawer Front x 1
- Drawer Back x 1
- Right Drawer Support x 1
- Left Drawer Support x 1
- Middle Drawer Panel x 1
- Left Drawer Panel x 1
- Right Drawer Panel x 1
- Drawer Boards x 2
1.) Installing mattress support onto cross bars

Hardware needed:

**IA** Swing the arm up as shown. Please note that the style of mattress support may vary.

**IB** Swing the long arm down and find the hole corresponding to the level in which you want the mattress support to be at. Repeat Steps IA and IB for all 4 arms. **NOTE:** It is important to lower the mattress support as you child grows.

**IC** Attach the support bar to one end of the arm and attach the mattress support to the other end using the philips bolt and butterfly nut. Make sure the other side is at the same level and do the same. The arms attach on the inside of the support bar.

**USING THE MATTRESS SUPPORT IN ANY NON-INTENDED POSITIONS MAY CAUSE SERIOUS INJURY OR HARM TO YOUR CHILD.**
2.) Attaching mattress support to left and right sides.

Hardware needed:
3-1/8” Bolts x 4
3-1/8” Nylon Washers x 4
3-1/8” Barrel Nuts x 4

Attach each side using two 3-1/8” bolts, nylon washers, and two barrel nuts for each side.
3.) Attaching headboard.

Hardware needed:

2-3/4" Bolts \( \times 6 \)

Attach headboard to mattress support/side assembly using six 2-3/4" bolts.
4.) Attaching footboard and drawer supports.

Hardware needed:

2” BOLTS  \( \times 6 \)

SMALL WOOD SCREWS  \( \times 2 \)

4A. Attach drawer supports by inserting the wooden dowels into the base of the headboard. Attach the footboard with four 2” bolts. 4B. Secure each drawer support to each headboard leg with one small wood screw.

![Diagram of Davenport Crib Assembly Showing Attaching Footboard and Drawer Supports]
5. Attach drawer back to left, right and center drawer panels. Insert drawer boards.

5A. Attach the rear drawer panel to the drawer using 3 large wood screws. DO NOT USE POWER TOOL. DO NOT OVER-TIGHTEN. 5B. Slide drawer boards along the grooves of the panels.

5.) Attach drawer back to left, right and center drawer panels. Insert drawer boards.

6.) Attaching front panel to drawer

Attach three cam bolts onto drawer front. Insert cam locks into the holes of each panels. Attach drawer front to each panel and tighten the cam locks by turning cam locks clockwise with philips screwdriver.
USE OF A POWER TOOL TO ASSEMBLE THIS CRIB MAY STRIP THE WOOD. PLEASE DO NOT USE.

7.) Insert drawer into crib

Before using the crib, please recheck all bolts and screws and make sure they are tight and secure. Be careful not to over-tighten the hardware.

READ ALL WARNINGS AND CAUTION STATEMENTS ON PAGE 10 BEFORE USING.

The Davenport converts to a toddler bed using a conversion rail that is included with the crib. Instructions to convert to a toddler bed are below.

The Davenport also converts to a full size bed. The full size conversion rail kit is sold separately and the instructions are included with the kit.
Converting Your Davenport Crib Into A Toddler Bed
The toddler bed user's minimum age must be at least 15 months old and maximum weight must not exceed 50lbs.

STEP ONE

Remove drawer from crib.

STEP TWO

Remove the wood screws securing the drawer supports.
Detach the footboard by removing six 2” inch bolts.
Remove drawer supports.
Converting Your Davenport Crib Into A Toddler Bed

STEP THREE

Lower the mattress support to the lowest setting. Please refer to Step #1 on how to adjust the mattress support.
Converting Your Davenport Crib Into A Toddler Bed

**STEP FOUR**

Attach the toddler rail to the left and right panels using four 2” bolts.

Recheck and make sure all bolts are securely fastened and tightened.

You may want to place a cloth against the side panel slats while attaching the rail to prevent scratching of the wood.

Before using the bed, please recheck all bolts and screws and make sure they are tight and secure. Be careful not to over-tighten the hardware.

!!READ ALL TODDLER BED WARNINGS AND CAUTION STATEMENTS ON PAGE 11 BEFORE USING!!
Read all instructions before assembling crib. Keep the manual in the sleeve provided for future use.

**WARNING:** Failure to follow these warnings and assembly instructions could result in serious injury or death.

Caution: Any mattress used in this crib must be at least 27 1/4 in by 51 5/8 in (69 cm x 131 cm) with a thickness not exceeding 6 in (15 cm).

- **Warning:** Strings can cause strangulation! Do not place items with a string around a child’s neck, such as hood strings or pacifier cords. Do not suspend strings over a crib or attach strings to toys.
- **DO NOT** place a crib near a window where cords from blinds or drapes may strangle a child.
- **Keep** wall decorations, especially those with strings, completely out of a child’s reach.
- **Before** each usage or assembly, inspect crib for damaged hardware, loose joints, missing parts or sharp edges. **DO NOT** use the crib if any parts are missing or broken. Ask your dealer or contact manufacturer for replacement parts and instructional literature if needed. **DO NOT** substitute parts.
- **Check** fasteners periodically for tightness. Do not overtighten. This may cause distortion or breakage.
- **When** a child is able to climb out, reaches the height of 35 in. (90 cm) or when the height of the side rail is less than 3/4 of the child’s height, the crib shall no longer be used.
- **DO NOT** use a water mattress with this crib. If refinishing, use a non-toxic finish specified for children’s products.
- **When** a child is able to pull to a standing position, set the mattress to the lowest position and remove bumper pads, large toys and other objects that could serve as steps for climbing out.
- **Never** use plastic shipping bags or other plastic films as mattress covers because they can cause suffocation.
- **Do not** tie pacifiers, necklaces, or any other items around a child’s neck or on crib parts. This could cause strangulation.
- **Use** a crib as a crib, not as a play pen. Remember that a crib is not a substitute for a parent’s supervision.
- **Parents** should ensure a safe environment for their child by checking the crib regularly before placing the child in the product. Please make sure that every component is properly and securely in place.
- **When** re-assembling the crib for your second child, please keep in mind that the screw holes may need to be filled in order for the screws to grip to the wood. Talk to your local hardware store or lumber yard about how to do this properly.

**WARNING:** Infants can suffocate on soft bedding. NEVER add a pillow, comforter or padding.

- **To help** prevent strangulation, tighten all fasteners. A child can trap parts of body or clothing on loose fasteners.
- **To reduce** the risk of SIDS, pediatricians recommend healthy infants be placed on their back to sleep, unless otherwise advised by your physician.
CARE AND MAINTENANCE:
Periodically check your crib for any loose bolts and screws and tighten where needed. If crib is damaged, do not use - contact us for replacement parts. Clean with mild soap that is safe on wood using a soft rag. Rinse and dry thoroughly. Avoid excess moisture.

ONE YEAR LIMITED WARRANTY:
Defective parts will be replaced within a one year period from date of original purchase. Missing parts will be replaced within 30 days from the date of original purchase. Baby Appleseed warrants only new units purchased in it's original packaging. The warranty does not cover used, secondhand or demos and is non-transferable.

Any damaged or defective part that result from normal wear and tear, abuse, negligence, improper use or alteration to the finish, design, and hardware of the crib, or the assembly of this product are not covered. The specific legal rights of this warranty may vary from state to state. Some states do not allow any exclusion or limitation of incidental or consequential damages. Some states do not allow limitation on how long an implied warranty lasts.
